WHISKY, WHISKEY, BOURBON

We have nearly 40 different whiskies at The Chequers so we have a separate Whisky Bible. Please ask to have a look.

When we opened the Chequers in August 2013 we started with 12 different whiskies from around the world. It may have been a small collection to begin with but it was certainly something that began to grow quickly. We now have nearly 40 beautiful whiskies from Scotland, Ireland, USA, Canada, Japan, Taiwan and England.
